## Description

Introducing the stunning 2021 Fleming 65, a remarkable motor yacht that combines elegance with exceptional performance. With an overall length of 21.6 meters, this vessel showcases a sleek fiberglass hull designed for displacement, ensuring a smooth and stable ride on the water. Powered by a robust 800 hp MAN i6 inboard engine, the Ninja offers a cruising speed of 10 knots and an impressive maximum hull speed of 18 knots, making it perfect for both leisurely outings and adventurous voyages. With a remarkable range of 2800 kilometers, this yacht is ready to explore distant shores. Accommodations include three well-appointed cabins and three heads, providing ample space for relaxation and comfort. The yacht is equipped with modern features such as joystick control for effortless maneuvering and an electric windlass for convenient anchoring. Experience luxury and performance like never before aboard the Ninja, where every journey becomes a memorable adventure.
